2004 AMA Gold Leader Club

The Greater Southwest Radio Control Club is a nonprofit organization. Membership is nondiscriminatory and open to anyone who agrees to abide by Club rules. A condition of membership for insurance purposes is current affiliation with the Academy of Model Aeronautics (AMA). Our flying field is located on the North side of Randol Mill Road, 0.4 miles East of Highway 820 at N 32°46.895' W 97° 12.361'. Visitors are welcome whenever the gate is unlocked. Free flight training instruction is available to members from 6:00 PM to dusk on Tuesday and Thursday while Daylight Savings Time is in effect. Regular Club meetings are held on the second Tuesday of each month at 7:00 PM at the North Richland Hills Parks and Recreation Building, 6720 Northeast Loop 820, North Richland Hills, TX 76180 (on the corner of Rufe Snow and NE820).

President Mark Fuess (817) 909-6065
Vice President(s) Walt Fisher (817) 540-5921
Secretary Sonny Coleman (817) 251-3940
Treasurer James McGuinness (817) 282-3509

President's Corner

If you plan on breaking an engine in at the field, please be considerate to the others by moving your stuff away from the normal pit area. Near the bleachers or the shed would be OK, at least better than the pit area. It's a given that we have a fairly noisy hobby with these internal combustion engines driving our airplanes. But that's not to say we can't be aware of the other people around us, and be a little considerate as to continuous engine running in the pit area.

I am pleased to announce the Gary Stephens has successfully made GSW an "official" IMAA facility! Our Chapter number is 750. Let's start thinking E V E N T S...

* * * * *

Greetings, pilots and club members! We are ramping up to another flying season with spring just around the corner! We will be seeing lots of friends and new faces coming out as the weather improves. Please remember, that we all share the facilities and we need to be aware of our fellow enthusiasts. The starting stands are for starting. Please don't hog the stands by parking your planes there. I would also recommend that we all take a moment to read over the field rules posted on our bulleting board. Sort of a "refresher", if you will.

Our regularly scheduled field maintenance is ramping up for 2005. We've begun repairs, upgrades, and general field duties. Please assist us whenever you can, and keep the Spirit of GSW alive. These activities take place on the Saturday following the club meeting, and we typically close the field down during maintenance. However, bring a plane with you! The field shut-down is brief.

I hear the February meeting went well; unfortunately business beckoned me to Detroit that week. Hopefully I won't see Detroit again for awhile! We still have a lot of T-shirts to pedal! So gain some weight & and buy a bigger club shirt...

Mark

Next Meeting:

**March 8, 2005
7:00PM**

NRH Rec Center

In recent posts on our website there's been some "lively" discussions regarding mufflers and relative noise. Officially, we don't have any specific by-laws regarding noise, or noise levels. But common sense and common courtesy goes a long way in managing the noise at the field.

Event Coordinator Notes

Looking to have some fun indoors ????
Go to the mall show on March 5th & 6th. You will have a good time talking about our hobby to all of the people that stop by and look at the planes.

Herb will have a H.O.R. Fun fly on March the 20th at 11:00 a.m. The LF will be \$ 15.00 with a pizza lunch for the pilots. He will have a flyer at Roy's Hobby Shop with all of the info.

On April the 16th we will have a any-size warbird fly-in.

On May the 8th we will have the GSW Club Auction at the field at 1:00 p.m. A NO CHARGE AUCTION just come to the field to buy & sell, and have some fun !!!!!!!!!!!

On June the 25th & 26th will be the BIG bird with a BBQ dinner on Saturday night.

I will list more fly-ins in the newsletters as the year goes on, but it's better to check the web site when you can.

Gary Stephens.....

RCV of England has sent Greater Southwest Aero Modelers on of their RCV 58-CD rotary cylinder four stroke engines for review.

RCV 58-CD Features

- RCV Rotating Valve Technology
- Ultra Low Profile
- 1:1 Output Gearing
- Uses Conventional Props & Engine Bearers
- 2 year International Warranty
- Conventional Starting
- Ideal for General, Scale and Fun-Fly

I am looking for a volunteer to give this engine a complete review. You may use your airplane, or GSW can provide one complete with radio & servos. RCV has provided all the break-in and flight requirements for the review and documentation. This is a supreme opportunity to try out a revolutionary engine at someone else's expense! Any-one interested in performing this evaluation should contact me at mark.fuess@comcast.net, or call me at 817-282-9434. We can discuss the RCV requirements and your application.

This is quite an honor, since RCV doesn't send out engines to just any old club!

GSW February Saturday Workday

Our February workday was one of the best we've had in a long time! All of the tables are in top condition and the bleachers & picnic table look brand new! Our run-up stands are ready of action, plus the REV "C" giant scale stand is in place. I'd like to extend a warm thank you to all of you that participated in making GSW a place to be proud of...

This month's work-force consisted of these fine people; (in no particular order):

- Joel Jerabek**
- Bob Mueller**
- Mark Fuess**
- Roy Baker**
- Lewie Moore**
- Rick Crippen**
- Patrick Wright**
- Walt Fisher**
- Bob Cummings**
- Don Leaf**
- John Graham**
- Jim Ryan**
- Chuck Rovell**
- Steve Hutchinson**
- Gerald Hayslip**
- Bill Kolt**
- Frank Rowell**
- Mark Buesing**
- Vaughn Hambler**
- Scott & Charlie Spoolstra**

The Control Line WORKERS were:

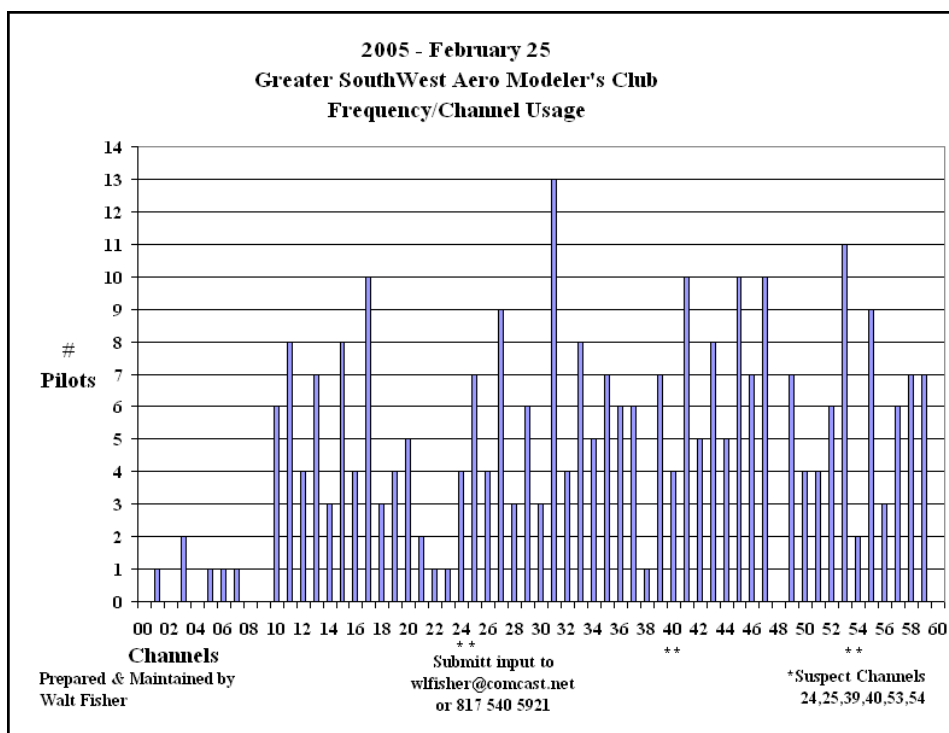

- Bill Wilson**
- Michael Nezell**
- Dave Ek**
- Don Hutchinson**
- Dale Gleason**

Our WORKDAY raffle winners were: ROY BAKER, JIM RYAN, and BILL KOLT. These gentlemen were recipients of our new GSW Polo Shirts.

Thanks again, for a job WELL DONE!

You all get a gold star!
Thanks!

collect a 10% sellers fee if the item is sold. No charge for no sales. Items can only be auctioned once. We except items for auction up to the time it starts. We auction in order that the items are received. So, if you need to leave early or need money to bid on another item register your item early. We have always had great radios to raffle because people like winning one and for a small investment you could go home with a new 6 channel radio. There are 2 radios raffled off. The first goes at the start of the auction. The second radios goes about mid-way through the auction and the final radio goes home after the auction is over. I even won one and I never win prizes! Every paid admission ticket includes a entry into the drawing for a Futaba radio. You need not be present to win. Other radios and prizes are available for \$1.00 each or 12 tickets for \$10.00).
