AMA Leader Club

The Greater Southwest Radio Control Club is a nonprofit organization. Membership is nondiscriminatory and open to anyone who agrees to abide by Club rules. A condition of membership for insurance purposes is current affiliation with the Academy of Model Aeronautics (AMA). Our flying field is located on the North side of Randol Mill Road, 0.4 miles East of Highway 820 at N 32°46.895' W 97° 12.361'. Visitors are welcome whenever the gate is unlocked. Free flight training instruction is available to members from 6:00 PM to dusk on Tuesday and Thursday while Daylight Savings Time is in effect. Regular Club meetings are held on the second Tuesday of each month at 7:00 PM at the North Richland Hills Parks and Recreation Building, 6720 Northeast Loop 820, North Richland Hills, TX 76180 (on the corner of Rufe Snow and NE820).

Next Meeting:

**Tuesday
March 13, 2007
NRH Rec Center
7:00PM**

President	Tim Lovett	(817) 268-7797
Vice President(s)	Lee Rice	(817) 431-5408
Secretary	Sonny Coleman	(817) 251-3940
Treasurer	Tom Russell	(817) 457-3236
Newsletter Editor	Roy Baker	(817) 545-4031

President's Corner

It feels like spring! That of course brings wind and warmer weather along with longer time in the afternoons for flying as the days get longer. It also means the training program will begin to operate in full swing. This year's training schedule will be on Mondays and Wednesdays. This does not mean you cannot fly on those afternoons. It just means there will be new flyers in the air, too. Please give them every opportunity to learn the wonderful sport of ours.

This month is the Lone Star Nationals combat event. The dates are March 16-18. Scale combat will be flown Friday afternoon. Slow survivable combat (SSC) and electric scale will be flown Saturday and Sunday will be Open B flying. If you have not had the chance to see this, you have to come out! And don't be fooled by the name – there is nothing slow about SSC! If you come out, you will see crashes and lots of excitement as these planes go for streamer cuts and kills! This event will close the field to other flying at the field.

The paperwork is now in process for the Club's incorporation as a non-profit entity. When you see Harold Staats, one of our long-time, long-ago, returning members, be certain to thank him for the contact of the attorney that was willing to take the time out of his day, help me gather the paperwork and information all for the sum total of \$100.00! Count it done at this point. That is a good start. Now that is in order, we can finalize some plans with the

City.

The Annual Mall Show is March 24, 25 at NE Mall, Hurst. John D. Stanzak is leading out on this event. Be sure you bring out those beautiful birds for the public to see. And don't forget, those people vote on their favorite models and you get a prize. Can't beat that with a stick. Well, I guess you could, but you'll have to re-build the model yourself... Call John if you can help. His phone number is 817 498 1626.

I hope to see you at the meeting or the field.

*Tim Lovett
President*

Lone Star Nationals March 16,17 and 18th

The Lone Star Nationals will be held Friday, Saturday, and Sunday March 16th thru 18th at our field. Friday will be the scale combat. No concessions but we will need help with weighing and registration. The combat will generally start early afternoon on Friday depending on the number of contestants.

Saturday will be the SSC event starting fairly early in the morning. We will be serving breakfast, weighing planes, registering pilots, scoring, and we may need help judging although most of the judging will be by the contestants

February Secretary's Report

The February 2007 business meeting was called to order by Club Vice-President Lee Rice at the North Richland Hills Community Center Facility. The January business meeting minutes were approved as written in the club newsletter.

New Members/Visitors: Harold Staats.

Old Business:

Coke Machine: Our new coke machine, located in the club's concessions area, was procured by Lawrence Harville and is operational.

Gate Key Changed: The gate locks are re-keyed for the 2007 flying season as of February 1, 2007. Gate keys are available from Airport Pawn & Hobby and at Roy's Hobbies.

Work Day: Club VP Lee Rice will be heading up the work crew at the flying facility on Saturday the 17th, weather permitting. Items to be addressed include the repair of the chain link fence on the north side of the property and the replacement of the gate locks.

New Business:

Model of the Month: Lawrence Harville won the Model of the Month Award with his electric powered FW-190 fighter.

Club Web Site: Be sure to visit the Greater Southwest Aero Modeler's web site at <http://www.flygsw.org>. There is a current membership roster in the "Members" area and be sure to check out the club's "Tech" site, there's an abundance of useful information available.

themselves. We will serve lunch to the pilots and spectators.

Sunday we will be flying open B and will serving breakfast, registering pilots, weighing planes, serving lunch.

We should have a couple of members keeping an eye on the spectators to keep them safe, a staff to keep trash emptied, and people to help the CD's with monitoring the flight line, e.g. keeping the time, hard hats, safety ect.

Above all come out and see a lot of guys have a great time tearing up the sky and probably a few models.

If you can help on a particular day please let Bob, Ed, or myself know.

Max

March Training Report

Pilot training this year will be held on Monday and Wednesday evenings. We'll start the first Monday in April and end on the last Wednesday in September. Training will start after 6PM and end at sunset. None of this is written in stone. If anyone wants instruction at a different time, please contact an instructor and make your arrangements. I'd like to ask that members refrain from flying during the scheduled training evenings unless there is no instruction taking place. Thank you.
