President's Notes

Another year is about to pass! As I was considering this fact, I also thought about all the things we have accomplished this year. This club has again had the opportunity to bring good things into others lives. We have helped the Boy Scouts with some accomplishments they needed by having them on a TAG day. The food drive brought in over 560 pounds of food for the Food Pantry and the Toys for Tots fly-in is yet to take place! Add to this the new pilots trained this year, and folks, it just doesn't get much better!!!

We have also taken care of several items at the field. Some new equipment and a great runway has been some of the focus.

And we have entered into an agreement with McDonald's for our meeting place and they are donating 10% of what we spend there to the Marines for Toys for Tots. This started out as just the food we purchased at the meeting, but now, they even honor the food we purchase during the rest of the month!

Greater Southwest Aeromodelers, Inc. has been featured in several articles in Model Aviation this past year. I have spoken with our District VIII VP, Jim Rice and Associate VP, Jack Hogan, on several occasions. They are aware of the many events we have during the year that bring guests into our field to further our sport/hobby interests. What has been taking place at our club has also been noticed at AMA headquarters.

We are looking forward to the New Year as a time to further reach out to our community to help some of those that have less than we, and to make things better for our flying efforts at the field. We will continue to work on the runway, and work on some of the improvements at the location. Our efforts thus far have us flying off one of the nicest runways in the US. Lets pull together and have some fun, also.

Now, LET'S PARTY!!!!!! Get your tickets to the Christmas party before December 6th. The final count must be in by the 7th. No tickets will be sold at the door. There will be good food, good fellowship and did I mention the prizes? Please come and enjoy the night with us!

Also on the 12th of December is the Toys for Tots fly-in. Bring a new unwrapped toy and fly for the day. We will be eating, too! Come on out, fly, and then go to the party. Hope to see you at both events.

GSW Events for 2010

Event coordinator
Max Ficken
triplane41@att.net

I have been running events for the club for the past 10 years and have had a good time doing it. However I have other interests than will occupy most of my Saturdays this next year. I will be happy to continue to help with scheduling and planning our events but someone will need to step forward and be responsible each event that the club is going to sponsor. Following is a starting list that needs to be considered by those that have an interest in doing these events. You do not need to be a CD for club events since we do not sanction the majority of the events.

Decide what event you would like to host, a date approved by the Club and time for the event, post fliers in the Hobby shops and the field and send a flier to the district 8 webmaster for inclusion on the district event calendar, Select a format, e.g.; Open flying or specific events, Awards if appropriate and door prizes if appropriate. Decide if a meal will be included in the entry fee and what the entry fee should be.

At this time we have Combat scheduled for the last weekend of March with Bob Leone the club Liaison. Lawrence is doing the Scale Masters qualifier 12 & 13

in June, Darryl Abby is doing the Biplane Flyin, and Walt Fisher will do the Toys for Tots in December but date not set as yet.

We would like to limit events to one a month to avoid unduly tying up the field for members that do not wish to participate. Remember that some of these events do generate income for the club and offset some of our operating expenses.

Events that we have held in 09 include a Biplane Flyin, Warbird Flyin (rained out) All Scale Flyin, Scale Masters Qualifier, Fun Scale Contest, Fourth of July Picnic, Combat, Fun Fly, Food Drive, and a suggested Electric Flyin.

The time is now to make a decision about what we want to do for next year and make up an event schedule. I will help anyone that would like to contribute to the club by running an event. These are very laid back fun events and you will truly enjoy helping the club.

Christmas Party

WHEN: 12 December 2009, 7:30 to 9:30 PM

Please come to the party and have lots of Christmas fun with your fellow club members.
